Marketing description (short)

More than just a standard - our 577 has everything you would expect from a top of the range polo. Our fabric is pre-washed so it will hold its size and shape for longer - making it extremely well suited to team wear.

Marketing description (long)

[Preshrunk for a lasting fit] When only 100% cotton will do, our 577 Ultimate Cotton Polo is the natural choice. Our fabric is pre-washed so it will hold its size and shape for longer - making it extremely well suited to team wear. [Double-tuck-pique with a characteristic honeycomb structure] We use finer, thinner yarns along with the double-tuck pattern to create an exceptionally stable fabric with a very dense knit. The result is a softer hand-feel and a finer surface that's ideal for more detailed embroidery.

Decorator

The dense double tuck pique allows for very stable embroidery and a high stitch count.
